

The Richie Brace® – We are a proud authorized distributor of The Richie Brace®. It is designed to treat chronic conditions of the foot and ankle. Ideally suited to stabilize rotational forces at the Midtarsal, Subtalar and Talocrural joints. See enclosed factsheet for more information on The Richie Brace®.

Leather AFO – The Leather AFO is designed to provide the ultimate in control of the Subtalar, Talocrural, Talonavicular and Midtarsal joints. Includes a reinforced Polypropylene Shell with 1/8" Dura foam lining. Comes in standard 5" and 9" heights along with a choice of four colors.

This is what our customers are saying

An absolute pleasure to work with....personalized service, quick turnaround time, and you can't beat the price.....Thank you Neil for the years of great service.

I've been in practice for 25 years. During this time I have used many orthotic labs. NJR has provided me with the highest quality product at affordable prices. His turnaround time and customer service procedures are excellent. This is the best lab I have ever used.

Neil and his crew has been a pleasure to work with for over ten years. It has been great to have the support NJR Orthotic Labs as part of our team.

NJR Orthotics has provided my foot care practice with a variety of custom made orthotics and hinged braces for the last seven years. Neil and his team fabricate the highest quality custom made orthotics with attention to detail, gives us superior service and quick turnaround. I highly recommend NJR Orthotics!

I have been using NJR Orthotics on my patients, family members and myself for almost a decade. The consistency of quality is ever present making for a long lasting orthotic. As we all know time is of the essence so you have to appreciate the rapid turn around time from cast to finished product from NJR Orthotics. The biggest surprise is the low cost of such high quality orthotics. In my experience and opinion the low price, fast turnaround time and extremely high quality makes NJR Orthotics the only one to use.

Our Guarantee: We only use the highest quality materials available. The plastic shells included with our foot orthoses are covered by a lifetime guarantee. Top covers, heel posts and extensions are covered by a six month guarantee, covered from the time of completion. After six months repairs or adjustments will be billed accordingly.

Refurbishing / Adjustments: We offer refurbishing of any previously used orthoses. This can include replacing any top cover, extension or post; as well as adjustments to the orthosis to suite the patients needs.

Turn around time and Delivery: Our standard turn around time is 6 to 10 business days. We use UPS as our main shipping carrier.

NJR Orthotic Labs

We have over 10 years experience in the O & P Industry; specializing in custom foot orthotics and braces. Many podiatrists and orthotists in the Five Boroughs, Nassau, Suffolk and Westchester have chosen us for their central fabrication needs. We are determined to provide our customers with the highest quality custom products delivered in a timely manner. We are dedicated to serving our customers needs with our goal being 110% customer satisfaction. We will support your practice by supporting your patients.
